Subject: [Test] Silver point event in CT for non-Life Masters

Connecticut
Bridge Association

Tonto Scout for Silver, Kemosabe!

No, Tonto is not searching for the fabled steed of his friend, the daring and resourceful masked rider of the plains. He is looking for **SILVER MASTERPOINTS**, which to some bridge players are nearly as precious. If you want to advance, you need **SILVER** points:

- * The rank of Sectional Master requires 5.
- * Regional Master requires 15.
- * NABC Master requires 25.
- * Advanced NABC Master requires 50.
- * **Life Master requires 75.**

The good news is that on Saturday, March 26, an event will be held at the Bridge Center in West Hartford, CT, the home of the Hartford Bridge Club. There will be two sessions of pairs games, one at 10, and the other at two. If two sessions seems excessive to you, you may just play in one of them.

In between will be a **free lunch**. We plan to split the group into two sections: One will be for players with under 200 masterpoints. Anyone who is not a Life Master and has less than 750 points can play in the other section.

These will be real bridge games, with actual playing cards, tables, and humans with faces and personalities. It should be exciting, interesting, and, most of all, fun.

All games at the tournament are **sectionally rated**, which means that players can earn considerably more masterpoints than in club games or regular online games. **.All the points will be silver.**

The flyer for this event contains all the details, including what to do if you do not have "a faithful Indian companion" to sit across from you. You can view it [here](#).

2023 MARCH						
SUN	MON	TUE	WED	THU	FRI	SAT
			1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25 <i>Bridge at HBC</i>
26	27	28	29	30	31	

So please mark March 26 on your calendar. We have more silver to dish out than they found in the Comstock Lode. You should stake your claim early. The capacity of the facility is limited, and we need to know how many pairs will be playing in each section of each session and how many lunches we need to obtain.

By the way, Hartford enjoys 12 hours and 25 minutes of sunlight on March 26. The sun does not set until after 7 p.m.

The drive home to most locations should be easy.

So return with us on March 26 to those thrilling days of yesteryear! You won't be disappointed.
